Describe your company in a few words :

"United Instruments of LUCILIN" (founded in 1999) is the first Chamber music ensemble in Luxembourg dedicated to the promotion and creation of works from the 20th and 21st century.

LUCILIN is a creation platform gathering interpreters, composers and artists of every board. its aesthetic horizon covers all fields of contemporary creation

LUCILIN" touch their audience not only by acoustic sensations, but also in an intellectual, spiritual and visual way: traditional concerts alternate with music theatre, light dramaturgy and scenic performance of compositions or introduction and live discussion with the composers.

Which project would you like to present during your speedmeeting sessions :

United Instruments of Lucilin, together with the Philharmonie and the Grand Theatre of Luxembourg has commissioned two pieces to be premiered next year (in April and May, respectively).

The first one, Music of imaginary beings, is one hour fiction-concert for 8 musicians, automats and electronics inspired by the poetry of Jorge Luis Borges, the Argentinian poet. Arturo Fuentes, the Mexican composer, wants to pay his personal homage to Borges on the 30th anniversary of his death.

Our second project to present during our speed meeting sessions is Wonderful Deluxe! an stirring chamber opera written by the French composer Brice Pauset directed by the scenographer Stéphane Guishlain Roussel. Inspired by a modern day celebrity (Paris Hilton), Brice Pauset wants to draw out a portrait of "human nature" from its extremes and that is why he chooses as the main character one of those "it-girls" who are on every fashion and people magazines. This piece, one hour longer, is written for counter-tenor (Dominique Vise), chamber choir and 11 musicians
