COMPANY : Odyssee ensemble

First name : Valentine

Last name : BRUNE

Describe your company in a few words :

Odyssee ensemble & cie is a musical theater collective composed of five musicians (4 brasses and a percussionnist). Its artistic aim is to present some musical or artistic movements in a funny and original way. Its shows intend to speak to large audiences, children from 6 as well as their parents, giving to both different scales of lecture depending on their age.

The capacity to make large audiences appreciate innovative contemporary music and the will to invite the public to live original adventures has become these 5 definitely unclassifiable artists' trademark.

Which project would you like to present during your speedmeeting sessions :

We would like to talk about the last creation of the company, *Dr Flatterzung and the seven sins of contemporary music*, which could be presented as an original introduction to contemporary music.

We would like to present the show *The Choum brothers*, a piece inspired by the creative, utopian and revolutionary craziness of the russian constructivist period of the beginning of the 20th century, where Odyssee explores musical noise through sound machines and original music.

Last but not least, we would like to introduce our next creation, a musical tale gathering 2 musicians of Odyssee and a comedian around the question of roots.
